FOR COORDINATION WITH

NAZI WAR CRIMES DISCLOSURE ACT

We spoke, (Lecky - Ferguson).

W.R.

Would you please have STEHLE interrogated on the circumstances of the plane crash in which he was alleged to have been killed in April 1945.

for

W.R.C.3.a.

It is confirmed that we have no questions to put to him on the work of Amt VI B, as our Spanish Section consider that any matters not covered by the liquidation report can be dealt with better by the repatriates.

Incidentally, our Spanish Section have pointed out a minor slip in the Amt VI B Liquidation Report. On Page 22, Section 2, reference is made to WINZER's presence in Madrid in 1937 and 1938. BURGOS is presumably meant as there were no official Germans in Madrid from October 1936 to the end of the civil war.
